

CR-605

6 Port SFP/GBe switch for outdoor applications

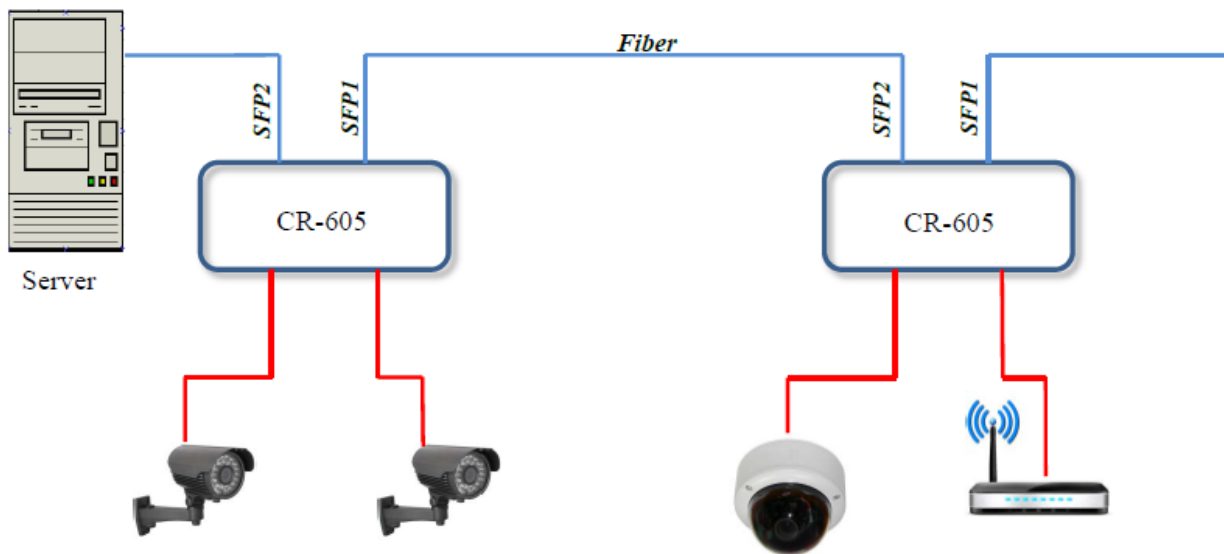

CR-605 is a 6-port Ethernet switch in a rugged enclosure designed for operation in the industrial temperature range, with support for optical SFP modules. The switch provides connection of 4 ports according to the standard 1000 / 100base-T and 2 ports according to the standard 100 baseFX / 1000base-X.

Key Features

- Sealed aluminum housing, protection class IP66
- Industrial temperature range from -40 to 70 ° C
- Two SFP slots for 1000base-X or 100base-FX optical modules
- Four 100/1000 base-T ports
- Input power from the 220V network with possible drawdowns up to 100V
- Protection system against overheating, overload, short circuit, lightning discharges
- Web interface
- SNMP v1, v3 with authentication

Typical application scheme

The switch allows you to connect external devices in both the point-to-point topology and the chain. Thus, coverage of an almost unlimited territory is achieved.

Contents of delivery

- Switch CR605
- Mounting bars
- Jumpers set
- User manual
- Warranty card

Warranty

Free repair or replacement of the product within 2 years from the date of purchase
